

of gas-had, and high ground No. 2 and Superfine have been offered more freely, and with a moderate fall and Provincial demand still more elastic, and slow to quiet. New Minas—The market is still more active than last week, and is now offered at \$20 per ton for present use, but with more age we doubt so little that they will give satisfaction and meet with a better demand. Old Minasitas is in restricted demand, and is still high as compared with the others. White Wheat brands of good body. The exports of the week are 37,222 bushels, against 42,633 bushels the corresponding week last year. Today's market is 75¢ per bushel, and the market is steady. Family grades are quiet; No. 2 and Superior in limited demand. At the close the market is steady and fairly active; sales of 1,100 bushels were made.
